Chosen for its privileged situation, tranquility and stunning view, this humble 18th century farmhouse with attached barn has undergone a remarkable transformation in the past 10 years into a sumptuous family home, with holiday rental potential.

The main house consists of the 290m² stone barn, facing due south with one of the most enviable views in the area. This light, capacious living space, has been sympathetically conceived within the framework of a beautiful 250 year old stone barn, exposing the decorative roof structure above the first floor living room. An entrance hall leads through to a 70m² open dining kitchen, with travertine tiled flooring, picture windows framing the magnificent view, and patio doors leading to the south facing, wisteria clad terrace, spanning the length of the barn. There are two luxury bedroom suites on this floor, accessed through a stone-framed entrance. The upper floor boasts an enormous open-plan sitting room, open to the roof beams and a master double bedroom with en-suite bath and shower room.

The charming original farmhouse provides additional guest living quarters, with four bedrooms, a bathroom and a shower room. The two dwellings are entirely independent, but can be accessed via a doorway linking the two kitchens, making the property ideal for offering holiday rentals in this highly desirable location.

The property is approached via a private driveway leading to the courtyard entrance with ample parking for several vehicles.

The surrounding gardens have been gracefully landscaped to include an enclosed in-ground swimming pool, a Pétanque court and plenty of shaded areas to sit and soak up the glorious views sheltered from the summer sunshine.

This is a truly spectacular property!
