

An Elegant Maison de Maître with Tennis Court; Pool; Guest Wing & 4 Hectares of Land

This elegant French Maison de Maître, dating back to 1875, is situated on the edge of its village with views over its 4 hectares of land, neighbouring river and surrounding countryside. The ensemble includes the 6 bed Maison de Maître; a 2 bed guest apartment over the former grange; a tennis court; a 5x10m salt water swimming pool and an orchard within its 4 hectares grounds.

Originally built in 1875 and fully renovated in 2007 to include the addition of the tower; a new slate roof; hardwood double glazed windows; new central heating system with under-floor heating; full re-wiring; full insulation, new bathrooms and kitchen; installation of the salt water swimming pool and landscaped gardens. A hard tennis court was later installed in 2010. The property is immaculately presented and tastefully decorated by its English owners to marry together its original features with neutral tiles, white bathroom suites and subtle paintwork.

Screened from the village by an imposing pair of pillars and gates, the property is accessed by a separate entrance to its rear. The driveway, with well maintained lawns to each side, leads to a gravelled turning circle with the house straight ahead with its former barn to the left. The barn has been converted into a double open-fronted garage, a closed workshop and an independent guest apartment.

The swimming pool is privately situated to the south side of the property, with its large sun terrace, covered dining terrace and walled surround.
